1 DEC 1980

129-11

Honorable Louis Stokes
House of Representatives
Washington, D. C. 20515

Dear Congressman Stokes:

RLK 12/1/80

On November 3, 1979, the Department requested that the Technical Services Division of the Federal Bureau of Investigation review the acoustical research performed for the U. S. House of Representatives Select Committee on Assassinations. As you may recall, that review was initiated on December 10, 1979.

Fogel 12/1 80

The FBI released its report, a copy of which is attached, to my office today. Copies are being provided to the National Academy of Sciences and to the National Science Foundation. The report will also be released to the public. The Department does not intend to formulate any final conclusions or proposals in the John F. Kennedy assassination investigation prior to receipt of the National Academy of Sciences report, which report was described in my October 7, 1980 letter to you.

ltr 12/1/80

Your continued cooperation in the John F. Kennedy assassination investigation is appreciated.

Sincerely,

ROBERT L. KEUCH
Special Counsel to
the Attorney General

Enclosure
